Understanding English Language Qualifications and Subsequent Planning of EAL Provision

WEDNESDAY 01 DECEMBER 2021 12:30-13:30

Course outline
Understanding an international pupil's level of English language proficiency and whether they will be able to fully participate academically and socially impacts everyone, from the learner themselves, to their classroom peers and teachers, through pastoral, administrative and support staff. Making sure your school is in the best position to help your international learners thrive depends on being EAL aware - right from the moment the pupil and parent engage with your marketing materials and admissions teams. This session aims to equip you with the basic knowledge required to become an 'EAL informed' community.

Learning outcomes
By the end of the session participants will have:

- An understanding of the language learning journey from basic communicative competence to full academic linguistic proficiency for an EAL learner
- An understanding of the CEFR levels used to describe different levels of language proficiency, how these relate to both language exams and day-to-day school life
- Insight into what makes a clear admissions statement on language levels required
- Insight into what 'excellent EAL learner support' requires from the whole school community.

Audience - Admissions and marketing staff or non-specialist academic and pastoral staff who work closely with international learners with EAL.

Trainer - Dr Helen Wood, Head of School Partnerships, Passport English Language Training Ltd.

Cost - Baisis member £40 / BSA member £50 / Member additional attendee £15 / Non-member £120
